NEWS RELEASE

AFFINITY GOLD CORP. ANNOUNCES STRATEGIC PARTNERSHIP WITH ALICANTO MINING CORP.

Maple Grove, Minnesota – May 7, 2014 – Affinity Gold Corp. (AFYG.pk) (“Affinity” or “the Company”) is pleased to announce it has formed a strategic partnership with private Canadian junior Alicanto Mining Corp. (“Alicanto”), based out of Toronto, Ontario. Alicanto is led by Ricardo Valls, P.Geo., and chaired by Raziel Zisman who also sits on Affinity’s Strategic Advisory Committee.

This partnership and commitment represents another leap forward for Affinity in its effort to build a technical strong and forward-thinking leadership and operational team required for realizing the Company’s strategic development and growth objectives for the future.

President & CEO of Affinity, Corey Sandberg, stated “not only does this partnership and alliance immediately add value to our existing interests in Peru by way of aligning with an incredibly strong exploration and technical team with over 100 years of international field experience. This partnership expands Affinity’s local “on-the-ground” experience and network of trusted and reliable relationships as well as provides access to a vast proprietary database of opportunities to further contribute to Affinity’s long-term future success and staying power.”

Alicanto and Affinity share a vision regarding the opportunities available today in the mining sector and are committed to the best social and environmental practices. Alicanto’s Executive Chairman, Mr. Raziel Zisman stated, “we very much look forward to applying our common skills, network and expertise to create value by bringing into production projects which our team has identified as having excellent exploration upside and to do so while aligning the interests of all stakeholders in the jurisdictions where we operate.”

About Alicanto Mining Corp.

Alicanto Mining Corp. (“Alicanto”) is a technically-driven project-generating private exploration company with offices in Toronto and Bucaramanga, Colombia. Alicanto is focused on Project Generation Through Effective Exploration™. Alicanto model is based on identifying prospective properties in underexplored areas and creating value by completing sufficient geological work to determine ore resources and then generally seeking to monetize projects by entering into earn-ins or JVs with senior mining companies. Alicanto is led by a multilingual team with over 100 years of successful international field experience and is currently primarily involved in gold and copper projects in Colombia and Armenia.
